

LM1

B&W

Bowers & Wilkins

The LM1 is a bookshelf-sized, multi-application speaker, primarily designed for use in two-channel hi-fi systems but also capable of providing high quality surround sound in home theatre configurations.

Available in a choice of three colours, the LM1 is weatherproof, allowing installation in humid areas such as a bathroom or undercover outdoors. Key features include a balljoint connection between the cabinet and its stand/mounting plate, which creates total flexibility of location and positioning.

Description: 2-way vented-box system
Frequency range (-6dB): 65Hz and 22kHz
Power handling: 100W into 8 Ω
Sensitivity: 91dB spl (2.83V, 1m)
